

### **Access to the “Lido Calarena” bathhouse**

The structure is made up of “*Umbrella*” and “*Sunbeds/Deckchairs*” stations; Access to the structure is permitted until all available positions have been occupied.

### **Umbrella station with sunbeds and chairs**

The typical location consists of an umbrella with two seats (sunbeds/chairs); two more people can be accommodated in the workstation.

Each guest will have access to a sun lounger, or deck chair, or director's chair or beach chair provided by the lido; it will not be possible to bring personal equipment inside the structure.

**The customer who was hosted in the morning can return in the afternoon; the subscription is not transferable during the same day.**

### **Sunbed/deckchair position**

The sunbeds are placed in special areas (wooden platform, east terrace, solarium) and can be occupied by one person

Furthermore, sunbeds and deck chairs will be made available in other areas of the structure (cliff, beach) depending on the conditions at the time

### **Subscription services**

The “*umbrella*” and “*sunbed/deckchair*” stations are available to the customer for the entire period of the subscription.

### **Daily services**

The “*umbrella*” and “*sunbed/deckchair*” positions are available to the customer until he occupies them; returning in the afternoon gives the right of access to the same customers hosted in the morning who will be assigned the services purchased but in the free workstation at the time.

### **“Online” booking**

The workstation that can be booked “*online*” is as follows:

- • in areas A-B-C-D: umbrella + 2 accesses to services with sunbeds
- • in all other areas: umbrella + 2 accesses to services with deckchairs and/or sunbeds

The single customer who shows up at the cash desk without a reservation, among the remaining positions, can opt only for that day, for a position consisting of an umbrella and 1 access to the services with a chair or sunbed.

For customers who have difficulty booking online, the Management offers an assistance service in calmer moments; it should be noted that the management manages the platform in the same way as from home, as the beach equipment (umbrellas, sunbeds, etc.) is on the “cloud” and can be reached by everyone in the same way and at the same time.

### **Reduced Ticket**

A reduced price is available for children born in the years indicated in the price list displayed. These prices are in addition to the composition of the station indicated above.

The date of birth of the children must be demonstrated with a health card

### **Afternoon Ticket**

The reduced price has been foreseen for the afternoon; this ticket cannot be booked but is available at the cash desk among all free stations at the moment.

Similarly, there is no subscription (weekly-biweekly) for the afternoon show.

### **Other provisions**
